SPEECH THERAPY SERVICES

VIRTUAL & IN-PERSON OPTIONS

Evaluation options

COMPREHENSIVE SPEECH LANGUAGE EVALUATION

This initial evaluation will examine any and all of the following areas: speech sounds; expressive language; receptive language; fluency; voice; cognition; literacy; auditory processing; speech, language, communication, and listening skills impacted by hearing loss/deafness; complex communication needs/AAC. An individualized treatment plan will be created based on results.

ARTICULATION/SPEECH SOUND EVAL ONLY

This evaluation assesses only concerns with speech sound production/articulation. Individualized treatment plan and goals created based on results.

FLUENCY EVAL ONLY

This evaluation assesses only concerns with fluency (stuttering, cluttering, etc). Individualized treatment plan and goals created based on results.

AUGMENTATIVE & ALTERNATIVE COMMUNICATION EVALUATION

If another communication modality is desired, I can help you explore options and apply for device funding through your insurance company!

Treatment options

SPEECH THERAPY SESSIONS

The client must first participate in an evaluation, and, if they qualify for services, a frequency is recommended (1x/week, 3x/week, etc) along with an amount of time for each visit (ex. 30min, 60min). Once the evaluation is completed and a treatment plan with goals is developed, speech therapy sessions will begin with essential data collection every visit to determine maximum efficiency of strategies and to track progress over time.

Language enrichment

COMMUNICATION IMPROVEMENT PROGRAM (TUTORING-NO DIAGNOSIS)

- Minimum 4 week commitment (Max. 12 weeks)
- 2-3 sessions/week
- Specific communication concern.
- Screening and goals set on first session in collaboration with parent.
- Parent involvement is key to carry over skills.

BILINGUAL NATURE PLAYGROUPS

Nature-based, outdoor, bilingual (English/Spanish) language enrichment playgroups for 0-6 year olds! We have witnessed the *magic* of the mud kitchen. They light children up by providing a space for free, imaginative, sensory-fulfilling, unstructured, messy play. This is the perfect place for language development, communication opportunities, and caregiver-child connection. This opportunity provides multi-sensory exploration and is wonderful for children of all abilities!

Approved ESA/Classwallet vendor.

Some insurance coverage options are available!
