

NatureTalks

Muddy Hands Playgroup™

Free, bilingual, nature-based playgroups supporting early development

Program Purpose

NatureTalks playgroups are designed to support early childhood development through inclusive, play-based experiences in outdoor community spaces.

Community Value

By hosting NatureTalks playgroups, partners help create accessible, enriching opportunities for families while activating shared outdoor spaces in meaningful, mission-aligned ways.

What Makes This Program Different

- ✓ **Whole-child development** through play, not instruction or therapy.
- ✓ **Inclusive communication practices** embedded naturally into activities
- ✓ **Professional expertise** without a clinical feel
- ✓ **Inclusive communication practices** incorporated into each activity
- ✓ **Nature-based environments** that support regulation, engagement, and exploration

NatureTalks Provides:

- Program design and facilitation
- Developmentally informed, inclusive play activities
- Play materials and adaptive tools
- Promotion Support

Partner Provides:

- Access to outdoor space for scheduled sessions
- Collaboration on scheduling and logistics
- Optional promotion through partner channels

Why Partner with NatureTalks

- ✓ **Support inclusive** early childhood development
- ✓ **Increase family engagement** in community spaces
- ✓ **Align with shared values** around access, wellness, and connection
- ✓ **Offer meaningful programming** without added staffing burden
